

#MODIFYSUCCESS

Danielle, 20
WVU Student

Major: Mechanical and
Aerospace with a BioMed minor

Goal: To be a foster parent
one day

“I didn’t have this big family support when I got out of foster care and they [the MODIFY program] were there. Not just with financial support but also with advice. I got into an accident once and the first person that I called was my MODIFY worker. It’s like having a big family to support you.”

MODIFY helps youth find their success,
start working on yours today

Advice: “Don’t ever tell yourself that you can’t. If you put your mind toward something and actually work toward it, there is nothing you can’t do. Everywhere you look there’s support around you, you just have to look for it.”
