“MODIFY has helped me become a better leader.”

Advice: “Do good in school and don’t take the MODIFY program for granted. It’s a great program and I wouldn’t be where I am now if it weren’t for the MODIFY program”

“One of the challenges that I’ve faced was college. I had some troubles in college and ended up deciding that it wasn’t for me. I found a work based program that was a whole lot better because I was able to learn on the job instead of from a book, which was a lot easier for me.”
